AVOID CROWDS

GET A VACCINE

PANDEMIC RESPONSE

The CTRC Management Team and the Porcupine Health Unit continue to work on the pandemic response.

- ✓ We continue to manage homes through isolation/outbreaks.
- ✓ The staff teams in these homes, and in all homes that have worked under isolation/outbreak protocols, deserve our continued thank you for their ongoing diligence around wellness self-checks and their continued adherence to infection prevention and control measures.
- ✓ The Ontario Chief Medical Officer of Health has announced several changes that will apply to Ontarians day-to-day life in community. We hope as you are making these changes in your life that you continue to remain cautious.
- ✓ Workplace protocols and pandemic measures remain in place at this time for our service sector. No immediate changes to masking and eye protection, wellness checks, visitor guidelines, isolation guidelines or Rapid antigen testing are being made.
- ✓ Please stay tuned as we will have more to report over the coming days, and weeks as further clarification and guidance is provided to the Long-Term Care and Congregate Care settings.

Respectfully,

Daniel Roy, Human Resources Director

Cc Cindy McQuarrie, OPSEU Regional Representative
Lisa DeRosario, OPSEU L664 Chief Steward
The Board of Governors
